Insertion Order

Important Information

Because Internet Marketing is an unusual business and sometimes not easily understood by our clients, we have put together this information for your protection as well as our own.

**Please review carefully, sign and fax back to
Offsite Optimization at 405-231-2130**

We want to make it very clear to all concerned parties that you are fully aware that you are authorizing American Flyer Internet Services, Inc. to either charge your credit card or deposit your online check once a month for the sole purpose of providing you with internet advertising in the form of a text link on a website within the Offsite Optimization.

****Please note: Charges on your credit card statement will appear as American Flyer Printing.***

Furthermore, it is understood that the Offsite Optimization or any of its resellers, partners or affiliates make no guarantee of any level of success or income. We only guarantee to have your ad displayed on the internet and to notify you of such location within 14 business days of you placing this order.

Your ad payments are due the same day each month on the same date. Your due date is determined by the date of which we received your signed Insertion Order. All ads placed on the 29th, 30th or 31st of any month, will be automatically moved to the first day of the following month. Your ad will run for a full 30 days from your time of notification on the site that we have placed your ad regardless of the due date. You will get the time you have paid for, but nothing more.

The intent is to offer text ads on pages with high link popularity for the purpose of offering a text ad only. The purpose of this service is to generate sales to the site that you are advertising. When the ads are ordered they are placed on a site with the page rank, according to Google's free toolbar, that was requested at the time of order. We have no control over what Google may or may not do. If they make a PR 9 drop to a PR 8, it doesn't mean that the site has any less link popularity, less traffic or less quality. It only means they are counting things differently. If the site was making you money, it should continue to do so, but remember we have no way of knowing what you, Google or the inventory partner will do at any given time. We are just the brokers.

If you see a change involving a site you advertise on, it is your responsibility to let us know that you want your ad price adjusted or you want your ad moved. Remember, the advertiser always has the right to order and pay for whatever they like. If an inventory partner doesn't want to accept the price you're offering, we will simply cancel that ad and move it to an inventory partner that is willing to accept the price. However, ad adjustments can only be made and honored PRIOR to your due date. If we are notified of a change and/or a request has been made to move the ad or have the pricing adjusted this will take place on or after your next due date.

You may cancel your ad at anytime before the due date and not be charged for the following month, but it understood that you are NOT entitled to a refund or chargeback after the due date for that month has passed.

You are ordering an internet text ad and this faxed statement is proof thereof. While you may be entitled to a refund for some reasons, you are not entitled to a chargeback for any reason.

You must sign your name in the fields below as it appears on your credit card and fax it to our office BEFORE we can process your order.
